Dear Telex Communications:

I would like to take this opportunity to Thank You for all your great advice, as well as the customer service you have provided Office Furniture USA!! It is obvious to me that you know your customers and subscribers well!! I appreciate you keeping me informed of special advertising events related to our industry. The Home Builders Parade edition allowed us to reach new home office clients.

We all know how hard it is to track advertising budget dollars, to increase sales volume. The *Toledo Business Journal* provides customers to us twofold. Through our advertising, and the valuable articles informing us of new business developments.

Thank you again for your efforts in helping Office Furniture USA attain its goals. I look forward to a long term, professional relationship with the *Toledo Business Journal*.

Best Regards,

Kim Marion  
Manager, OFUSA
